Structure is not the opposite of life. Neo is proof of that.

Clean architectural lines meet the quiet imperfection of handcraft — a dialogue between the drawn and the made, between the precise and the alive.

- Material - Wool
- Pile Finish - loop & cut Pile
- weight - 2500gsm
- Total Thickness: 6-12 mm
- Secondary Backing - Cotton canvas

RETRO CARVING

Retro Carving draws on the deep craft heritage of Indian rug-making – specifically the centuries-old tradition of hand-carving pile to create sculptural relief – and runs it through a contemporary design sensibility that strips away the decorative and keeps only the essential.

- Construction - Hand Tufted
- Material - Wool
- Pile Finish - loop & cut Pile
- weight - 2500gsm
- Total Thickness: 6-12 mm
- Secondary Backing - Cotton canvas
- Maximum Rug Size - 12'x18'

ARQO

Arqo is a study in restraint. Drawn from the visual language of modernist architecture – the precision of the grid, the weight of the horizontal line, the tension between material and void – it brings to the floor the same quiet authority that great buildings bring to a skyline.

- Construction - Hand Tufted
- Material - Wool
- Pile Finish - loop & cut Pile
- weight - 2500gsm
- Total Thickness: 6-12 mm
- Secondary Backing - Cotton canvas
- Maximum Rug Size - 12'x18'

SHAGGY

Texture without apology. Shaggy is exactly what it sounds like — and then some. High-pile New Zealand wool sculpted into circular, cloud-like forms with topographic relief; the surface shifts from flat cut to deep plush, from smooth to deliberately uneven. Raw, tactile, unapologetic.

- Construction - Hand Tufted
- Material - Wool
- Pile Finish - loop & cut Pile
- weight - 2500gsm
- Total Thickness: 6-12 mm
- Secondary Backing - Cotton canvas
- Maximum Rug Size - 12'x18'

RUNNERS

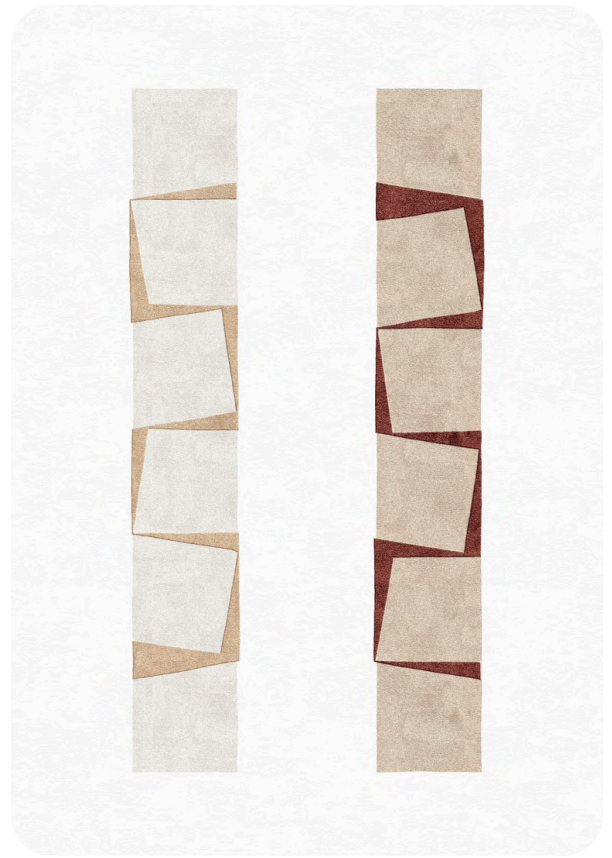

The corridor, reconsidered. Runners are not afterthoughts — they are compositions in their own right. Geometric blocks in cream, terracotta, and sand, arranged like stepping stones across a long format. Designed for hallways, entryways, and passages that deserve attention.

REVERB

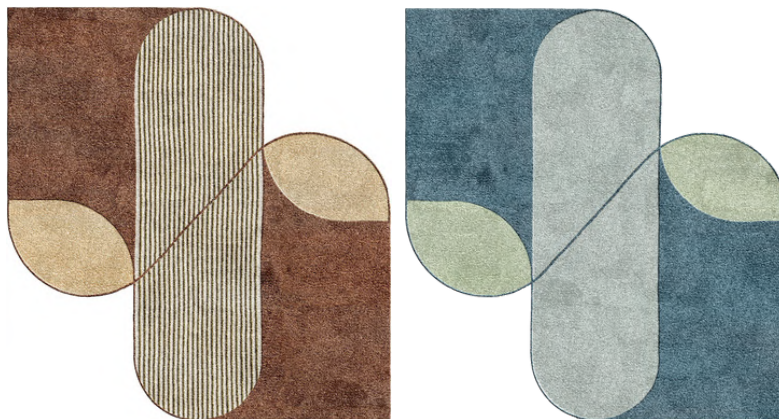

Reverb draws from the visual language of sound — soft rounded shapes nested within each other, creating a sense of resonance and repetition. Muted mauve, dusty rose, deep plum: a palette both intimate and architectural. Free form silhouettes that feel like they are still in motion.

- Material - Wool
- Pile Finish - loop & cut Pile

- Total Thickness: 6-12 mm
- Secondary Backing - Cotton canvas
